WINEMAKER NOTES

Vintners & Growers throughout California reported another high quality and generous vintage in 2013. Following a warm and dry spring with near ideal conditions for bringing grapes to maturity, harvest was remarkably smooth; 2013 saw very few frost nights in the spring, few significant heat spikes and almost no high-wind events. Across the board, the

fruit showed great balance of acidity and sugar, good color and tannin structure and optimal flavor development.

The 2013 Cabernet Sauvignon is dark ruby colored and has a seductively aromatic nose of black truffle, cassis, cedar and briary fruit with faint suggestions of mint, dusty earth and leather. Warm and inviting on the palate, it has a silky entry followed by deep focused flavors of black currant, wild raspberry and hints of chocolate, plum and espresso. Dense, rich and very satisfying this Cabernet is lavishly textured with beautiful fruit ripeness, well-integrated oak and dusty tannin. True to form, it displays the power and elegance that is so characteristic of Napa Valley Cabernets.
